

REGULAR CLEANING

1. Wipe the sink
2. Mix **dish soap & water**, apply on surface
3. Scrub sink with appropriate sized brush
4. Rinse off with water
5. Wipe with a wet rag

DEEP CLEANING

1. Sprinkle baking soda on surface
2. Scrub the sink well with damp rag
3. Spray distilled vinegar/bleach on surface
4. Rinse off with water

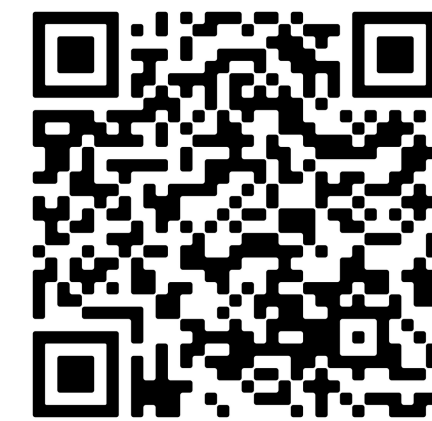

REPLACE vinegar/bleach with cleaning detergent for pure metal/porous products

DISINFECTING

1. Dry sink well
2. Spray disinfectant or wipe sink well with alcohol wipes
